

Everfair National Anthem

CH

Everfair, Everfair, my home,
Everfair, land so sweet;
Ever are you calling home your children;
We hear and answer swiftly as thought, as fleet.

V1

From many countries we journeyed afar
To find the place where our dreams could come true;
With eyes wide open, we dared to plan a paradise
A home for all and any, our home in you.

V2

Tyrants and cowards we fear them no more;
Behold your power protects us from harm;
We live in freedom by sharing all things equally;
We live in peace within your loving arms.
